

# ANENG<sup>®</sup>

COMPREHENSIVE INNOVATION

# ANENG Introduction

**ANENG** brand was established in 2012, dedicated to the research and development, production and sales of electrical meters and instrument tool accessories, with independent design and manufacturing capabilities. Over the years, in the process of continuous development and reform, ANENG has the courage to innovate, and has always adhered to the pursuit of excellence and a pragmatic attitude, focusing on solving problems for customers and ensuring user safety. At present, ANENG has become one of the leading manufacturers of instrumentation. Based on the ISO9001 international quality system, most of ANENG's products are exported to Europe and the United States, and have passed CE, UL, GS, CMC certification. There are warehouses and logistics in Russia, Spain and Poland. ANENG's goal is to provide higher quality and more cost-effective products to users worldwide. In the future, we will provide you with more professional products and related instructions, as well as better services.

# ANENG Clamp Meter

## Special Note

- (1) The product price does not include shipping costs and taxes
- (2) Except for some products with built-in batteries, other products do not include batteries. Please inform in advance if you need batteries
- (3) The products are all packaged by default (box or bubble bag)
- (4) The product specifications are subject to the details page, and the instruction manual is for reference only
